

RESUME

CHANDR SHEKAR SAI RAM BOPPANA

Electronics & Communication Engineering
Vignan University, Guntur, Andhra Pradesh

ABOUT ME

Electronics and Communication Engineering student interested in **Software Development and Data Analytics**. Foundational knowledge of Python, C, SQL, Excel, HTML, and Data Structures & Algorithms. Interested in applying technical skills through internships and real-world projects.

EDUCATION

Vignan University, Guntur, Andhra Pradesh **2024–2028**
B.Tech – Electronics & Communication Engineering
CGPA: 7.35/10

Sasi Junior College, Velivennu
Intermediate – **92%**

CBSE – Vignan World One School
SSC – **69%**

TECHNICAL SKILLS

Programming	Python, C
Database	SQL – Basics, MySQL
Data Analysis	Excel
Web Development	HTML – Basics
Computer Science	Data Structures & Algorithms – Basics
Tools	VS Code, MySQL Workbench, Arduino IDE, MATLAB
Hardware	ESP32, Sensors, Basic IoT Systems

PROJECT

Smart LPG Leak Detection System

ESP32 — MQ-2 Gas Sensor — Arduino IDE

- Developed an LPG gas leakage detection system using ESP32 and MQ-2 sensor.
- Implemented threshold-based detection with buzzer and LED alerts.

RELEVANT LEARNING

- Practicing **Python** and basic Data Structures & Algorithms.
- Learning **SQL fundamentals** including filtering, sorting, aggregation, and database operations.
- Developing practical **Excel** skills for data organization and analysis.
- Working with **MySQL Workbench** and CSV datasets.

ACTIVITIES & INTERESTS

- Member – E-Cell**
- Minor – Entrepreneurship**
- Interested in Software Development, Data Analytics, IoT, and emerging technologies.

LANGUAGES

English — Telugu
